A'udhu Billahi Minash Shaitanir Rajeem Bismillahir Rahmanir Raheem

Alhamdulillah always a reminder for myself that the tarooqs and tariqas and the ways of spirituality everything is based on an energy and Allah (AJ) knows the condition of his servants and whom He inspires His servants to sit with them, either to build their energy and to reach where Allah (AJ) wants them to reach or to be cured by their energy. Means the greatest gift that Allah (AJ) can give, not all the other side items that everybody keeps asking for. But, Alhamdulillah it's *qudra*. Ya Rabbi, I'm not asking to see anything, I'm not asking for all these other items and desires that come into my heart but send your divine *qudra*, send your divine lights upon my soul that your *rida* and satisfaction to be dressed upon me, Ya Rabbi Allah. If Allah (AJ) accept and begin to send the *faiz* from Atiullahi to atiyah Rasul صلى الله عليه وسلم means the permission from Prophet صلى الله عليه وسلم will begin and the *faiz* from the heart of Sayyidina Muhammad صلى الله عليه وسلم, like a satellite dish will begin to emanate upon the faces and the heart of *Awliyaullah*. Wherever that servant is that emanation will reach to them and this is the reality of *faiz*. It is like the secret of the photon of the sun; it's everywhere. It's lacking no loss in any connectivity. So, now they are going to release unto this earth a 5G signal that they want to increase their frequency upon the earth, those whom are of a spiritual nature understand every symbolism that's coming, and *shaytan* wants to fill the earth with his signals. But unfortunately, the satanic signal when it begin to broadcast too strong, it begins to flip everybody's wires. Every brain will have difficulty, every heart will be dysfunctioning, every type of energy and difficulty begin to hit upon the servant because they are not sheltered from that reality. *shaytan* saying 'You bet, my signal will reach everyone.' And what I can do with that frequency is even enter into your

cellular structure and all your atoms with this energy and begin to manipulate the energy of *insan*. So, in those days they want us to understand is we become closer towards the end of this *dunya*, everything goes back to its origin. Means that every emanation and every form is based on an energy and the only way to improve your energy is we go a little bit lower is going to be based on the sound that you make and that you resonate.

Any type of difficulty coming to us, People want to call *shaytan* and *jinn*s and this and etcetera, every type of magic just go back to an energy. An energy is coming towards you, if you are not able to shield yourself. That energy begins to hit you and begin the *waswas* and whisperings and

everything. And they come into our lives and teach us then the only way to shield and build your energy is that you have to increase your frequency. That's why then all *Awliyaullah*, they were taught that the single most important act that they do is *zikrullah*. Your *salah* is *zikrullah*, you'll have to mention Allah's name when you're praying. Your *Azan* is *zikrullah*. But by mentioning Allah's name, by praising upon the reality of Sayyidina Muhammad صلى الله عليه وسلم, you are changing the entire frequency of your being. If you have difficulty, increase your zikr. If you are not doing any *zikr*, you are practically dead. You are under full attack and you won't survive what's coming. You will see people running on the streets with no mind and the *dua* in *Dala'il al-Khayrat* is *Ya Rabbi*, protect me from oppressive people, protect me from people who have no *magz*, they have no brain, they are not functioning. Means immense difficulty begin to emanate upon this earth with these energies and what we are in need of is to build our energy and the only way to build the energy for ourselves in our own prescription at home is *zikrullah*. When you say 'Allah', what does that have as a power? Can it even be imagined? Can you weigh the name of Allah (AJ) and can anybody tell me what its value will be? It's impossible to understand. So, means in *zikr* when we say *Allahumma Salli Ala Sayyidina Muhammad* we *ala alai Sayyidina Muhammad* صلى الله عليه وسلم, you have covered everyone whom Allah (AJ) is happy with in that *salawat*, praised upon Allah (AJ). What type of value does that come onto the soul? What type of energies the angels are bringing? What type of *nazar* and gaze from these holy souls that you just praised upon them and send a blessing upon them, what type of *nazar* now they put upon us. With their attention, their *nazar* comes with a *qudra* and a power. It means anyone deficient in their energy and having difficulties, a sign is increase your *zikr*, increase your *Darood*, increase your salawats. That put within your home the playing of *Dalail al-Khayrat* and the *salawats* on Sayyidina Muhammad صلى الله عليه وسلم. We have a Soundcloud account, we have a free playlist, play it in your home on a laptop all day long. You're home, you're not home, make your home a *maqam*. Not a *maqam* for *shaytan*, where you

do every bad thing, watch every bad show, watch every bad music. Every time you turn your stereo on, there are demons coming with that song. That's why they made it and a song was at a low frequency and when you Google 'Illuminati' and the record industry, their record producers tell that we used to burn records, take them for a satanic worshipping, put a prayer upon that record and then release it. Isn't that the opposite of the *zikr*? the shaykhs are teaching you about *zikr*, not about the bad sounds. The bad, the sounds of bad words and bad actions, bad thoughts, bad characteristics. As soon as you play it, it brings a being into the environment, if you are not strong enough to hit the being and send him out, he's there, he's staying and just coming in more, more. Then turn TV, is coming out 5G, they can get faster into your house than what's coming now. That's why they're inspiring to increase the speed. We don't wanna come slowly into their homes and into their brain and into their being, we want to come full speed ahead.

Every time they turn these devices, all these things are coming in. They come into the room, they come into the house, they come into the ears and into the heart of *insan*. So, what Allah (AJ) gave to us, make your *wudu*, make your *salah*, make your *zikr*. All of these practices bring a tremendous energy that begin to push out whatever unwanted creatures came, what Prophet ﷺ prescribed? Call *Azan* loud in your home. It was a defense for anything that's lying in the house. Play the *Dalail al-Khayrat*, play the *zikrs*, play the Holy Qur'an in the house, play *Surat al-Baqarah* in the house. All of this is an energy teaching and you'll be surprised how little people actually practice it and they have difficulties, they have pains, they have sicknesses, everything. It means that first you increase the *salawats*, then you fortify your home with the calligraphy, the praisings, *Ayat al-Quran al-Kareem*, then play within the home all of these *salawats* and *Darood e-Sharif*. So, that the house becomes an angelic *maqam*, the holy beings, they come for the sound and the praisings, to come and pray there and you put a nice area for your *salah*, the carpet is out. Everything is beautiful, there's a candle, everything and the angels and *Awliya* will come to pray in that location so, that the house becomes sanctified. And when they sit on these associations and when the broadcast is beginning, they're asking for *madad* and support. They're asking that *Ya Rabbi*, dress me from the light and the energy and these

*Awliyaullah*, as soon as they broadcast their soul is moving everywhere. With the *Ayat al-Kareem*, that say when the truth comes and the false perishes. Means this light of *Haqq* begin to emanate everywhere like a laser and like swords and moving on everyone and every truth as it moves it by its nature eliminates every falsehood cause the falsehood doesn't stay in the presence of that light and begin to emanate and to hit, to hit. Means that you can't come, invite the *zikr* into your home, play the *zikr* loud inside the house. There are beings coming through the *zikrs* to enter into the homes and to begin to clean and they clean the association. If you're sick and not well and the *zikr's* conducting hold your hand where your sickness is and say *Ya Rabbi* send an energy and the *qudra* and the light into that region, into that area and grant me a *shifa* and healing from the *barakah* of this *zikr*, this *khatm* and this *Darood e-Sharif* and *salawat* on Sayyidina Muhammad صلى الله عليه وسلم. *Zikr hu-shafas wa Isma hu-dawas*, that your remembrance is my healing and your names are my medicine. I'm not in need of anything else, *Ya Rabbi*. If the whole world comes to destroy me, if Allah loves you, they can't do nothing to you. And most shaykhs have been thrown out of everything, they've been thrown out of homes, they've been thrown out of cars, they've been thrown out of planes. Every type of difficulty came into their life, many have tried to destroy them, but they're still standing. Allah loves you. If you're good with Allah (AJ) let them come but if you're not good with Allah (AJ), you don't need anything; every ant will come into your home, every difficulty come into your home. Allah will send all his creatures to come into your home, he doesn't even need big things to come, every difficulty Allah will say that you're now their sustenance. Make all the creatures come to go after that servant, he doesn't even need big servants to come. Means everything with us is about energy. Every protection for us, InshaAllah in these days is energy. Increase the *zikrs*, increase the *salawats*, that focus that energy onto areas that are sick. Focus that energy, focus that reality and know that their lights are emanating and pulsating out and these lights come into the soul, begin to build the *qudra*, build the energy of the

soul, build the ability of the soul so that one day that soul can also begin to push out all sorts of difficulties. We pray that Allah (AJ) inspire us more and more towards the understandings of *qudra* and energy and that Allah (AJ) grant us from those lights and those blessings, *InshaAllah*. Subhana rabbika rabbal 'izzati 'amma yasifoon, wa salaamun 'alal mursaleen, walhamdulillahi rabbil 'aalameen. Bi hurmati Muhammad al-Mustafa wa bi siri Surat al-Fatiha.
